II. READING

2 A. Read the text and give it a name. Do you think the girl's hobby is usual?

Hobbies are different because different people are interested in different things. Some people enjoy travelling. They like visiting new places and meeting new people. It is a very useful and important hobby. You can learn a lot about many countries and cities.

Some people love gardening. In England gardening is a favourite hobby of many. It is interesting to grow plants and flowers in your garden. Famous hobbies all over the world are doing sport, keeping pets, collecting things.

Now young people often take up playing computer games. This is one of the new hobbies. I think that the most interesting hobbies are going to theatres and cinemas and reading books but these days many people like watching videos and television more.

My hobby is growing lemon trees. I grow them from seeds in pots. Some of them grow big. Last year there was the first fruit on one of them.

B. Read the text again and match the beginnings with the ends of the sentences.
